## K.P.L. Learning Associates

### ABOUT US

KPL Learning Associates is engaged in the manufacturing and supply of “Educational Learning Kits”.

KPL was established in the year 2005 under the academic guidance of Dr. R.D. SHARMA (Ex. Asso. Professor NCERT).

The products are designed and developed by various prominent educators and academic professionals.

The “LEARNING KIT” enhances and stimulates the class room learning through “Hands on” experimentation and self-discovery. These kits are meant to initiate scholastic and co-scholastic activities which in later years become the basis for all curricular and co-curricular learning.

Today the products are widely accepted by most of the progressive schools across the country.

### WHAT DO WE DO

**Education is not the learning of facts, but the training of minds to think!**

Sometimes, the word 'learning' can turn many youngsters off to an otherwise fun opportunity. Kids would much rather play than learn.

But what if there is a way they could do both...

It gives us immense pleasure to introduce ourselves as the pioneers in designing and manufacturing innovative educational aids for Pre-Primary and Primary classes.

Our products echo the spirit of **LET'S HAVE FUN WHILE WE LEARN.**

It's an amazing experience to teach preschoolers and primary school kids, the basic concepts like the alphabet, colors, shapes, numbers, reading etc.

The KPL's Learning Kit promises scientifically designed, child friendly educational toys for hands on activities which let the children explore and develop reasoning and problem solving skills.

Our aim is to:

- Encourage early learning
- Strengthen teacher-pupil bond
- Enhance the development of motor skills, pincer grip, eye hand coordination, self-esteem etc.

Products that echo the spirit of  
**"Let's have fun while we learn"**

**Pre Learning Kit**

**Maths Kit**

**Language Kit**

**Discovery Kit**

**Health & Hygiene Kit**
